Phone Attendees: Lisa Lowe (DoIT), Brad Wolters (DHCD), Kim Cloud (DE NSGIC), Gary Maragos (MDP)

Agenda

Introductions

Round-the-room

Maryland Enterprise Software Update – Matt Sokol

- ESRI software licenses are still not under maintenance
- DoIT will continue to answer all tickets until under maintenance
- DoIT appreciates everyone's patience with the ongoing process
- James Appel is the DoIT fiscal contact should anyone have questions about billing or the number and type of licenses for your agency
- DoIT can host services for agencies to reduce agency server license costs

Upcoming Technical Committee Meeting Schedule – Matt Sokol

- The next MD iMAP Technical Committee meeting will include the final demonstration of software packages from the master contractors that are on the new GIS Software Master Contract.

Tuesday, December 6 - 1:00pm to 3:00pm @ MDE - Hexagon Geospatial

- Technical Committee meetings with a presentation from a master contractor will allow for one hour of MD iMAP Technical Committee business and one hour for the presentation.
- Matt requested committee members send him any type of analysis or demonstration you would like to see from the vendors and he will pass along the request.

MD iMAP 2.0 and Portal Update – Matt Sokol

- Pushing out data updates to services that have not been updated recently
- Brad Wolters mentioned qualified census tracts updated
- The SDAT URL has been updated, no longer using the redirect
- MD Dept. of Agriculture services have been added

- USGS Topo Quads have just been brought online
(http://geodata.md.gov/imap/rest/services/Elevation/MD_USGSTopoQuads/MapServer)
- Let DoIT know of any Web applications you would like linked from the map portal. Please send a thumbnail of the map and a description
- The SDAT page link to tax map and parcel points is now working faster after Jessie Cahoon provided some updates
- The LiDAR migration from ESRGC to DoIT servers continues. Services will be categorized by location (county) rather than the current product-based listings. DoIT will be asking technical committee members to test in the near future.
